

Facials and Peels

Signature Eye-Lift Treatment

30 minutes

-Revolutionary treatment for tired, saggy, and dull eye area. Uses retinol, vitamin C, and hyaluronic acid to tighten and lighten the orbital area to create a younger, more youthful appearance.

*May be used as an add-on to any treatment.

Image Signature Facials

60 minutes

-Basic deep cleansing facial customized for ALL skin types. Designed to impress and improve most experienced “facial-goer”. Tightens, lightens, and hydrates, nourishes, and treats damaged skin. Preps skin for more aggressive treatments/ peels.

Organic Passion Peel

60 minutes

-Renew your Passion in your skin! This treatment will enhance the overall appearance of your skin by removing dead skin and debris to leave skin feeling fresh and clean! Mild peel with little to no irritation and safe for all skin types. Suitable for expecting mothers.

DNA Repair Facial

60 minutes

-The latest breakthrough in science! EVERYONE has exposed their skin to the sun’s harmful rays and no other products have been able to reverse the effects of past UV damage until now! Pharmaceutical ingredients containing enzymes to accelerate the body’s own repair of damaged cells will improve the appearance of fine lines and pigmentation while reducing your risk of skin cancer. Suitable for expecting mothers.

4 Layer face Lift

60 minutes

-Imagine a facelift without a doctor’s order or prescription! A four-step cocktail of pharmaceutical ingredients that will change your skin in just one treatment. Fine lines and wrinkles are relaxed and smoothed leaving your skin with an overall sense of well-being. Suitable for expecting mothers.

Resurfacing Peels

60 minutes

-Customized to treat a variety of skin conditions. Pharmaceutical grade ingredients are used to exfoliate into the deeper layers of the skin to treat acne, pigment, and aging. Also great for prepping skin before enhancers and laser treatments.

TCA Orange Peel

60 minutes

-An aggressive peeling treatment designed for maximum exfoliation. Medical- grade ingredients that can only be used under a physician license. Allow 5-7 days of peeling to occur. Wounding through the entire epidermis leaves skin feeling brand new!
